If the router is acquired for the customer by Teale, the customer will be billed for the actual equipment costs, plus the standard administrative and support fee. Subscriptions and isolated router support monthly charges include DSU/CSU maintenance coverage. Router hardware maintenance is provided under Teale's existing contract for an additional fee.		
(9300/9315) Expedite	\$ 500.00	Per circuit, one-time charge**			

* Plus actual costs (e.g., installation, circuit, wiring, jack charges), as applicable, including administrative and support fee.

** Expedite charge applies when Teale receives less than a 60-day notice to order a new circuit and/or router equipment, MRA equipment, DSU and CSU.
A new circuit can be for a new service or a relocation of an existing service to another building/location.

*** This service requires that customers have an Internet Service Provider.

NOTE: Staff time required to meet customers' requests for customization, planning, design and implementation is billed at the consulting rates. Network rates are not prorated within a month, but are applicable the full month following installation and the full month of disconnection.
